# Ladies Choice

by 

"This is the most comfortable pant and this makes me feel like a lady."

— Detective Brenda Tate

## You Spoke - We Listened

For decades women in uniform have complained about the fit and discomfort of their uniform pants. The Elbeco Product Development team was tasked with the mission to design a uniform pant made specifically to fit a woman's body. We incorporated the best designs from the civilian market with our extensive product background, then held fit sessions with a variety of women in all shapes and sizes.

## Better Fit, More Flattering Appearance

Further testing involved a series of focus groups including the Pittsburgh Police Department and other prestigious agencies, who provided valuable input and validated our innovative design. The result is a great fitting women's pant that accommodates any body type, providing a more flattering, slimming look and an exceedingly comfortable fit.

## Better Feel, Improved Performance

When your utility belt sits at your natural waist, you have better access to your weapon and can experience reduced back strain.

## Ladies Choice: Perfect Fit for YOUR Body

The Ladies Choice design is available in Elbeco's stock uniform programs—including Tex-Trop, Tek Twill, DutyMaxx and Prestige Advance Series—styles with the Ladies Choice design are designated by the suffix of LC after the style number. Ladies Choice is also available in special custom programs.
